Some recollections of early Torbay residents from Derek Titchener:

"In 1924 my father rented Captain Cliff's cottage. Captain Cliff was a retired sea captain, but more about him I did not know.

His cottage still stands behind the dairy at the Torbay Shopping Centre. The room that was mine was the end one which was facing the sea. My father bought half an acre at No 10 and 12 Cliff Road in 1924, and built a cottage there where we used to spend all our holidays.

In 1947 after I had left the Air Force my wife and I built our home there until 1970 when we moved."

The house Derek is speaking about is no longer there, but might be the one in this photo (taken in 1984). One of the previous dairy owners remembers living in it.

The Society's AGM was held on April 13. The present officers were re-elected. The

speaker was Prof Brian Henshall from MoTaT. Our members were impressed with the scope of MoTaT and its outreach. We were enthused to make a visit to observe the improvements.

Exciting things are happening. Make a day out and visit the area if you haven't been there for a while.

A reminder to members who haven't renewed their membership that subs are due. New members are welcome. One of our newest members is 16 years old. It's never too early to learn about the history. Our next members meeting is Sunday, July 4. More about that next month.

## Love Your Smile?

You don't have to be born with a beautiful smile to have one!

Are you tired of gaps, yellow or twisted teeth? Tired of those stained ones or those noticeable black fillings?

Let's face it. A great smile helps you feel better about yourself. You look younger. You feel younger. It helps socially and in your career. Often we get used to the way it looks, but other people notice! Just like we notice them! The wild thing is that most people haven't a clue just how much is possible. With modern dentistry, an artistic dentist can create almost any look you want. Sometimes for a fraction of the cost you'd expect!

Torbay Dental has established itself as one of the top cosmetic surgeries in Auckland, servicing clients from as far away as Australia and USA. For affordable options, great advice and value call today for a complimentary cosmetic evaluation.

**Phone Torbay Dental now at 473 1400 for a great smile!**

## Torbay Garden Club

As I was away in the South Island at the time of the last meeting which, I hear, was well attended, I've relied on other members to help me out with news.

Thanks to them and my most efficient helper at the door — Anne Matthews, who did an excellent job for me. Thanks also to Joyce Young who stood in as secretary as Mary was away.

The speaker was Lyndal Shannon from Kings Plant Barn, who talked on bulbs, which was interesting and informative, as she always is. She had bulbs and some plants about which she spoke also, for sale.

Well done to all of you who exhibited, as there was an excellent array for the competition.

The trip to Pauline's delightful garden provided much to see and admire. Then it was on to Silverdale Pottery which had a wide range and reasonably priced goods. Much shopping was done here by members before lunch at the nearby Kings Nursery.

It sounds a long way ahead to start talking of our Spring Show in September, but we must all start now to have cuttings rooted and doing well by then. Good gardening to all, once we have had some rain to soften the soil.

Dear Members,

The social was held on April 10, with entertainment by Mr Lionel Rickie who played the piano accordion, followed by afternoon tea. Our next social is on May 8.

Don't forget our activities include bus trips. Housie is played every Tuesday, starting at 10.45am, bowls on Saturdays at 10.45am, and our socials are held every second Saturday in the month, starting at 1.30pm.

Please advise Zena Buchanan on 479 5900 if anyone is sick so she can send a card. All new members from age 55 and up are welcome.

**This month's verse:**

Before the fridge, so often, my head is filled with doubt.

Now, did I put that food away, or come to take it out?

Sometimes when it's dark, and I've my nightcap on my head.

I don't know if I'm retiring, or just getting out of bed.  
 If it's not my turn to write, dear, I know you'll forgive me, for, I may have already written and don't want to be a bore.

But as I stand beside my mailbox, my face is very red.  
 I didn't mail this off to you, I've opened it instead.

**Mary Tolson, Secretary**

## Long Bay College News

One of the exciting events of the first term was the official opening of Sportworks@LBC by the Minister of Education and of Recreation and Sport Trevor Mallard.

In his address to the gathered dignitaries, staff, parents and students, Mr Mallard highlighted the importance of creating well rounded students.

He said that although academic achievement should be a clear priority, encouraging the growth and development of fit, healthy youngsters was also very important.

To this end, the \$1.4m fitness centre provides a fully equipped gymnasium, complete with weight training facilities, climbing wall and a dance studio.

Students will be able to use these facilities as part of their physical education programme and as individual members of the gym after school.

One of the aims of the centre is to make the facility as accessible to the community as possible. There are a number of excellent fitness programmes formulated to appeal to various levels of fitness.

The college has had an excellent response from surrounding families and individuals in this regard.

A change to the school's skyline that will be obvious to neighbours will come with the demolition of the tall chimney of the boiler house which has been a landmark for 30 years.

The boiler house has contained the rubbish incinerator, the art kiln, the bottled gas supply for science laboratories and the coal-fired boiler for school heating.

The incinerator is no longer used — rubbish is

now taken away in bins. The science labs have been converted to mains gas supply and the art kiln and new gas-fired water heater are to be located in the new ArTec block.

Having outlived its usefulness, the boiler house and chimney are shortly to be demolished. This will allow access to the site of the new science block which will be under construction later this year.
